Good afternoon Port Commissioners

I am calling in support of the National City Bayfront projects; the EIR and the National City Balanced Plan.

My name is Nicole Burgess; an advocate for active transportation, healthy lifestyles, and a resilient future for our youth and future generations. Our family has owned property in National City since my grandfather came to SD and established a dairy farm on 30th St. and do my best to advocate for community based projects that will benefit the residences of National City.

We appreciate the outreach with the community to support outdoor access along the waterfront and all efforts to improve connectivity with safe, comfortable, and connected pathways for people, walking, biking, and moving without a car.

May we all enjoy connecting and engaging with the waterfront that serves so many interests. For many reasons, I urge all of you to support the EIR and the National City Balanced Plan.

Best of rides.
Nicole Burgess

Enjoy the Ride!
