7. ESD'S CONTRACTORS

- a. ESD may contract for the performance of certain services required under this Agreement; provided, however, ESD shall remain responsible to the District for any and all services, considerations and obligations required under this Agreement, whether performed by ESD or ESD's contractors. ESD shall compensate each of ESD's contractors in the time periods required by law. Any contractors employed by ESD shall be independent service providers and not agents of District. ESD shall insure that its contractors satisfy all substantive requirements for the work set forth by this Agreement, including insurance and indemnification.

- b. ESD shall also include a clause in its agreements with contractors (not including ESD's attorneys) that reserves the right, during the performance of this Agreement and for a period of three (3) years following termination of this Agreement, for a District representative to audit any cost, compensation or settlement resulting from any items set forth in this Agreement. This clause shall also require ESD's contractors to retain all necessary records for a period of three (3) years after completion of services to be performed under this Agreement or until all disputes, appeals, litigation or claims arising from this Agreement have been resolved, whichever is later.

8. COMPLIANCE. In performance of this Agreement, ESD shall comply with all applicable federal, state, regional and local laws, rules and regulations and District policies applicable to the performance of this Agreement and the Premises as they exist now or as may be added or amended, including without limitation, Article 10 of the San Diego Unified Port District Code (Stormwater Management and Discharge Control), the California Fair Employment and Housing Act, the American with Disabilities Act, and all other applicable federal, state, and local laws prohibiting discrimination, including without limitation, laws prohibiting discrimination because of age, ancestry, color, creed, denial of family and medical care leave, disability, marital status, medical condition, national

In addition, ESD acknowledges and agrees that: (a) District makes no representation concerning the applicability of any wage laws, including, but not limited to California Labor Code §§ 1720 through 1815, et seq. (“PWL”). To the extent ESD intends to perform any construction, alteration, demolition, installation or repair work (“Construction”) on the Premises, ESD warrants and acknowledges that: (1) District is not paying for or subsidizing, in whole or in part, any such Construction; and (2) ESD shall make its own determination regarding the applicability of any PWL to such Construction. ESD assumes any and all risk in connection with the application of PWL to any Construction performed on the Premises on behalf of ESD; and (b) ESD’s violations of PWL shall constitute a default under this Agreement unless ESD is provided a written notice and such violation is cured in a timely and reasonable manner.

9. INDEPENDENT ANALYSIS. In the performance of this Agreement, ESD shall arrive at conclusions with respect to the rendition of information, advice or recommendations, independent of the control and direction of District, other than the normal contract monitoring provided herein; provided, however, ESD shall possess no authority with respect to any District decision.
10. ASSIGNMENT. ESD shall not assign or transfer voluntarily or involuntarily any of its rights, duties, or obligations under this Agreement without the express prior written consent of the District in each instance and such consent shall not be unreasonably withheld, omitted or delayed.

ESD's duty to defend, indemnify, and hold harmless shall not include any Claims arising from the sole negligence or willful misconduct of the District. The indemnity obligation shall apply for the entire time that any third party can make a claim against or sue the District for liabilities caused by, arising out of, or related to ESD's performance of this Agreement.

- b. ESD further agrees that the duty to indemnify, and the duty to defend the District as set forth in Section 11.a above, requires that ESD pay all attorneys' fees and costs the District incurs associated with or related to enforcing the indemnification provisions, and defending any Claims.
- c. The District may, at its own election, conduct its defense, or participate in the defense of any Claims. If the District chooses at its own election to conduct its own defense, participate in its own defense or obtain independent legal counsel in defense of any Claims, ESD agrees to pay all reasonable attorneys' fees and all costs incurred by the District.

This Section 11 shall survive the expiration or earlier termination of this Agreement.

13. ACCURACY OF SERVICES. ESD shall be responsible for the technical accuracy of its services and documents resulting therefrom and District shall not be responsible for discovering deficiencies therein. This Agreement shall not be construed in favor of or against either Party by reason of the extent to which each Party participated in the drafting of the Agreement. The Agreement and the formation, interpretation and performance of this Agreement shall be construed, interpreted and applied in accordance with and governed by and enforced under the laws of the State of California.
16. INDEPENDENT REVIEW. Each Party hereto declares and represents that in entering into this Agreement it has relied and is relying solely upon its own

Each Party further declares and represents that this Agreement is being made without reliance upon any statement or representation not contained herein of any other party, or any representative, agent or attorney of any other party.

17. INTEGRATION AND MODIFICATION. Except for the Permit, a copy of which is attached hereto as Exhibit C (the "Permit") this Agreement contains the entire Agreement between the Parties with regard to the 2018 Series Event and supersedes all prior negotiations, discussions, obligations and rights of the Parties in respect of each other regarding the subject matter of this Agreement. The District shall further have all other rights and remedies as provided by law. Moreover, ESD shall also immediately reimburse the Sponsorship Funding to the District, without further notice from the District, if (x) the 2018 Series Event is canceled in whole or in part, except that portions of the 2018 Series Event may be canceled by ESD if it is determined by the District in its reasonable discretion that (1) certain weather conditions do not reasonably allow the 2018 Series Event to continue; and (2) the 2018 Series Event is completed to the satisfaction of the District; or (y) if ESD fails to provide the District with the reports and information described in Sections 5 and 6 of this Agreement. The performance by ESD of the Services & Considerations set forth in Exhibit B will be considered by the District when determining whether the 2018 Series Event was reasonably satisfactorily completed. Termination of this Agreement as provided in this paragraph shall release the District from any further obligations, liability and claims hereunder by ESD.

This Section 19 shall survive the expiration or earlier termination of this Agreement.

20. DISPUTE RESOLUTION

- a. If a dispute arises out of or relates to this Agreement, or the alleged breach thereof, and is not settled by direct negotiation or such other procedures as may be agreed, and if such dispute is not otherwise time barred, the Parties agree to first try in good faith to settle the dispute amicably by mediation administered at San Diego, California, by the American Arbitration Association, or by such other provider as the Parties may mutually select, prior to initiating any litigation or arbitration. Notice of any such dispute must be filed in writing with the other party within a reasonable time after the dispute has arisen. Any resultant agreements

shall be documented and may be used as the basis for an amendment or directive as appropriate.

- b. If mediation is unsuccessful in settling all disputes that are not otherwise time barred, and if both Parties agree, any still unresolved disputes may be resolved by arbitration administered at San Diego, California, by the American Arbitration Association, or by such other provider as the parties may mutually select, provided, however, that the arbitration award shall be non-binding and advisory only. Any resultant agreements shall be documented and may be used as the basis for an amendment or directive as appropriate. On demand of the arbitrator or any Party to this Agreement, sub-contractor and all parties bound by this arbitration provision agree to join in and become parties to the arbitration proceeding.
 - c. The foregoing mediation and arbitration procedures notwithstanding, all claim filing requirements of the Agreement documents, the California Government Code, and otherwise, shall remain in full force and effect regardless of whether or not such dispute avoidance and resolution procedures have been implemented, and the time periods within which claims are to be filed or presented to the District Clerk as required by said Agreement, Government Code, and otherwise, shall not be waived, extended or tolled thereby. If a Claim is not timely filed or presented, such Claim shall be time barred and the above dispute avoidance and resolution procedures, whether or not implemented or then pending, shall likewise be time barred as to such Claims.
21. PAYMENT BY DISTRICT. Payment by the District to ESD of some or all of the Sponsorship Funding, or the rendering of any services to ESD as part of the Sponsorship and Services, pursuant to this Agreement does not represent that the District has made a detailed examination, audit, or arithmetic verification of any documentation submitted by ESD, made an exhaustive inspection to check the quality or quantity of the Services & Considerations performed by ESD, made an examination to ascertain how or for what purpose ESD has used the Sponsorship Funding, or constitute a waiver of Claims against ESD by the

District. The District may in its sole discretion seek reimbursement from ESD for expenses, miscellaneous charges, or other liabilities or increased costs incurred or anticipated by the District which are the fault of or as result of Services & Considerations performed or negligent conduct by or on behalf of the ESD. Upon five (5) days written notice to ESD, the District shall have the right to estimate the amount of expenses, miscellaneous charges, or other liabilities or increased costs and to cause ESD to pay the same. If such expenses, miscellaneous charges, or other liabilities or increased costs are not corrected or otherwise disposed of at no expense to the District prior to completion date of the Agreement, the District is authorized to pay for such expenses, miscellaneous charges, or other liabilities or increased costs and to seek reimbursement of same from ESD. It is the express intent of the Parties to this Agreement to protect the District from loss because of conduct by or on behalf of the ESD.

Any Party may designate a different logo than that depicted on Exhibit E by giving written notice to the other Party of the change. The District shall have the right to use and distribute all media content, including but not limited to, written articles, photographs and video content, located on ESD's website, Extreme Sailing Series website, or received from ESD for the 2018 Series Event without any cost or expense to the District and ESD agrees to indemnify the District from any Claims resulting from such use. The District, its officers, and employees shall have the right to take photos at the 2018 Series Event for use by the District in the promotion and documentation of the 2018 Series Event at no cost or expense to the District.
25. NO WAIVER. The waiver or failure to enforce any provision of this Agreement by a Party will not operate as a waiver of such Party's right to enforce future defaults or breaches of any such provision or any other provision of this Agreement.
26. PARTIAL INVALIDITY. If any portion of this Agreement is declared by any court of competent jurisdiction to be invalid, illegal or unenforceable, that portion will be deemed severed from this Agreement and the remaining parts of this Agreement will remain in full force as fully as though the invalid, illegal or unenforceable portion had never been part of this Agreement.
27. NOTICES. Any notice or notices provided for by this Agreement or by law to be given or served upon the District may be given or served by certified or

**Public Park
Large/Corporate Event Permit Application**

Introduction

The Port of San Diego maintains over 250 acres of beautiful public recreational and open space areas along San Diego Bay. One of the Port's key objectives is to attract people to the Bayfront to recreate and enjoy all that it has to offer. To that end, we welcome special events at our parks. Additionally, we are proud of the outstanding condition in which we maintain our parks, and sensitive to the needs of the communities surrounding them. This special event application contains important planning information for you, and requests information from you, that will help you and the Port of San Diego to ensure a successful special event that minimizes impacts on the park you use as well as the nearby residents and businesses.

Permit Process

The permit process begins with your request for park availability via our website <http://portofsandiego.org/recreation/apply-for-a-park-permit.html>. After you submit your request, you will be contacted within three business days by a park permit staff member, who will request some basic information and, if appropriate, reserve an agreed upon park and date(s). Please note that this reservation does not constitute approval of your request. A Reservation may be made as early as 18 months in advance of your event date. The application and deposit must be received no later than 60 days prior to your event. If your application and deposit are not received by this deadline, the Port reserves the right to release the reservation.

Upon receiving your application, our park permitting staff will route it among applicable departments for review. If appropriate, we will schedule a site walk at the park to review your setup and other arrangements as well as our guidelines for conducting your event.

Full payment of all fees must be made no later than 30 days prior to your event date. If your application and deposit are not received by this deadline, the Port reserves the right to release the reservation. When Port staff has received all of your fees and has reviewed, approved, signed and returned your application to you, your signed application will serve as your permit to use the park. NOTE: PLEASE ENSURE THAT YOUR PERMIT APPLICATION HAS BEEN APPROVED BEFORE PROMOTING YOUR EVENT.

<p>Insurance Applicant shall, to the fullest extent permitted by law, defend, indemnify, and hold harmless San Diego Unified Port District ("District") and its officers, employees, and agents for any and all liability, claims, judgments, damages, proceedings, orders, directives, costs, including reasonable attorneys' fees, or demands arising directly or indirectly out of the obligations undertaken in connection with this Permit, or Applicant's use, occupancy, possession or activities on the Premises, except claims or litigation arising through the sole negligence or willful misconduct of District. It is the intent of this Paragraph that Applicant indemnify and hold harmless District for any actions of Applicant or District, including duties that may be legally delegated by Applicant to third parties, except for those arising out of the sole negligence or willful misconduct of District. This indemnity obligation shall apply for the entire time that any third party can make a claim against or sue District for liabilities arising out of Applicant's use, occupancy, possession, or activities on the Premises, or arising from any defect in any part of the Premises.</p> <p>Applicant must provide certificate of insurance (COI) coverage naming "San Diego Unified Port District" as an additional insured and also be listed in the certificate holder box. Insurance coverage must be in force for the duration of the event, including setup through takedown days. The Port of San Diego requires a minimum of \$1,000,000 for personal and bodily injury, one person and one occurrence; and a minimum of \$1,000,000 coverage for property damage. The same organization named as the insured on the certificate of insurance should also be listed in the applicant blank on this permit application.</p> <p>All service providers are required to provide a "certificate of insurance" or the applicant can choose to cover all sub-contractors.</p>	
<p>Recycling The Port of San Diego strongly encourages the recycling of all cans, bottles and all other recyclable materials associated with events. The commercial providers of waste receptacles for your event have available receptacles that may be designated for recyclables at your event.</p>	
<p>Smoking Prohibited As of December 5, 2006, smoking is prohibited on any Port of San Diego park or beach. No person shall dispose of any cigarette, cigar, or tobacco in any place where smoking is prohibited, except in a designated waste disposal container.</p>	
<p>Reservation of Locations A park permit grants permission for an event to be held in a Port of San Diego park; however, a permit does not guarantee a specific location in any park. Park areas are available on a first-come, first-served basis, and it is up to the permittee to secure the space needed to hold the event. A permittee may designate event boundaries, as long as a representative is present at the site. Boundaries may not block walkways, driveways or parking areas and the size of the reserved boundaries must be in accordance to the permitted group size. Children's playground cannot be within event boundaries.</p>	
<p>Site Walk Unless otherwise determined, all events meeting the following criteria will require a site walk with Port staff:</p> <ul style="list-style-type: none"> • Events with projected attendance of over 500 people • Events with large items including stages, platforms and dance floors; and most events with live entertainment • Events with the potential to generate significant amounts of trash, waste or other pollutants.

Pollution Prevention and Waste Removal

Waste Removal

All waste generated by your event must be removed from the park at conclusion of your event. "No leak" dumpsters are recommended. Dumpster must be placed on tarp or absorbent material to avoid leakage/spill onto the parking lot surfaces. Any dumpsters brought onsite must be removed as soon as possible following your event. Any delay must be pre-agreed upon with permitting staff. The Port requires that you implement Best Management Practices (BMP) to prevent pollutants from reaching the storm drains or bay. Storm drains must be identified and noted on the site plan. Covering or sealing storm drains as part of the initial set up is required. Required waste removal BMPs include the use of covered trash dumpsters and prompt trash removal upon completion of the event.

Environmental Best Practices

The District is charged with prohibiting all non-stormwater discharges into the stormwater conveyance systems on District tidelands pursuant to San Diego Regional Water Quality Control Board Order No. R9-2013-0001 (NPDES Permit No. CAS0109266, "Municipal Stormwater Permit"). The District has the authority under State law to make and enforce necessary rules and regulations governing, among other things, stormwater management and discharge control. The District's stormwater regulations are found in Article 10 of the San Diego Unified Port District Code ("District Code").

Special events have been identified by the District as a potential source of non-stormwater discharges to the storm drain system and San Diego Bay. Non-stormwater discharges to the stormdrain system or the Bay are considered a violation of District Code. To prevent unauthorized discharges, the District requires the implementation and maintenance of Best Management Practices (BMPs) at special events. BMPs specific to the activities planned for each special event are to be identified prior to the event time. In addition, the following BMPs must also be implemented as applicable:

- Trash dumpsters, portable toilets, or generators shall have secondary containment and located away from open stormdrain inlets or catch basins and away from the water's edge. Secondary containment for trash dumpsters may be accomplished by placing a berm around the dumpster to contain leaks. Trash dumpsters must have lids and be covered.
- A spill kit is to be accessible to the event coordinator or person in charge of spill response.
- Catch basins and stormdrain inlets within the event special area are to be protected with temporary screens or filters prior to the event.
- Fencing is to be placed around the waterside perimeter of the event to prevent any windblown trash or debris from reaching the Bay. Where fencing is not feasible, regular and frequent trash and debris removal is to be conducted by event organizers.
- Street sweeping of parking lots, streets and roads associated with the event shall be conducted as needed.
- Employee training is to be conducted prior to the event to ensure that BMPs are properly implemented and maintained and so that employees are aware of the discharge prohibitions.
- Documentation of BMP implementation for each special event is to be maintained and be made available for the District's review upon request.
