Greetings

My name is Jule Demierre and I'm an independent owner and operator of my own Pedicab and Pedicab operation that's licensed in the city of San Diego!

Throughout this process, I've to the best of my ability, have advised the team that was assembled and tasked to create new regulatory conditions for Pedicabs on the San Diego Downtown waterfront!

I appreciate greatly the recommendations that your advisors have developed and pushed forward and I implore you to vote yes on passing the full set of recommendations! I believe that these recommendations will not hinder my ability to operate my business! I also believe that the recommendations will allow for a better standard of Pedicab Services so I hope that this email will persuade you to fully support the full recommendations with a passing vote!

Finally, thank you kindly to the Port and its advisory group for taking the necessary time that it's taken to explore and learn all about the intricacies of the San Diego Pedicab Industry. I believe that the passing of these recommendations will go a long way in addressing many of the issues that were of concern to those who brought up the issues to your board!

Best Regards

Jule Demierre
