southbound and westbound vehicles traveled into San Diego County from within the US

The Chula Vista Bayfront is located at the South end of San Diego Bay and represents the largest waterfront development on the west coast. 535 acres of industrial bayfront landscape are being transformed into a thriving destination, complete with resort hotels, a convention center, shopping, dining, and a marina. This 19 acre parcel is available for an innovative developer to create a destination RV experience as amazing as the panoramic views visitors will enjoy.
