F. President's Report.

Randa Coniglio, President/CEO, explained that she had five items to share. Ms. Coniglio first spoke about the Summer Student Worker Program. The District has participated in this program since 1982. The program provides students the opportunity to gain valuable work experience. Thirty seven students were hired this year and were able to select an

available position in a Department which interested them.

The Port received an award from Esri, the global leader in spatial analytics, in the field of GIS (Geographic Information System) for innovative application of mapping, data analytics, and thought leadership. Malcolm Meikle, GIS Supervisor, received the Special Achievement in GIS award on behalf of the Port. Currently six departments: Harbor Police, General Services, Engineering, Real Estate, Planning and Environmental, are actively using the internal ArcGIS Portal.

Ms. Coniglio then spoke about the groundbreaking for the Brigantine's Portside Pier on July 24. The restaurant development is being built on the North Embarcadero waterfront between the B Street cruise ship terminal and the Maritime Museum. Speakers included Chairman Castellanos and Brigantine President/CEO Mike Morton Jr.

Ms. Coniglio then announced that on July 26, the Port and the San Diego Port Tenants Association celebrated the delivery of two new electric freight vehicles that are being used by Dole Fresh Fruit at the Tenth Avenue Marine Terminal (TAMT). The trucks are funded by a \$5.9 million grant awarded by the California Energy Commission to the Port Tenants Association. There will be a total of 10 vehicles delivered to the TAMT for use by tenants. The project supports cleaner air and less noise for surrounding communities.

San Diego was again named a Top Rated US & Canada Cruise Destination in Cruise Critics 2018 Cruisers' Choice Destination Awards. San Diego was ranked three out of five destinations, and the only California port. The awards are given exclusively on consumer ratings and reviews posted to the Cruise Critic website over the past year. A special thanks to port staff from Maritime, General Services, Harbor Police, Engineering, and Marketing & Communications who make each cruise call a positive experience for customers.
