EXHIBIT F**Bid/Proposal Attachment regarding the Darfur Contracting Act of 2008**

Effective January 1, 2009, all Invitations for Bids (IFB) or Requests for Proposals (RFP) for goods or services must address the requirements of the Darfur Contracting Act of 2008 (Act). (Public Contract Code sections 10475, et seq.; Stats. 2008, Ch. 272). The Act was passed by the California Legislature and signed into law by the Governor to preclude State agencies generally from contracting with “scrutinized” companies that do business in the African nation of Sudan (of which the Darfur region is a part), for the reasons described in Public Contract Code section 10475.

A scrutinized company is a company doing business in Sudan as defined in Public Contract Code section 10476. Scrutinized companies are ineligible to, and cannot, bid on or submit a proposal for a contract with a State agency for goods or services. (Public Contract Code section 10477(a)).

Therefore, Public Contract Code section 10478 (a) requires a company that currently has (or within the previous three years has had) business activities or other operations outside of the United States to certify that it is not a “scrutinized” company when it submits a bid or proposal to a State agency. (See # 1 on the sample Attachment).

A scrutinized company may still, however, submit a bid or proposal for a contract with a State agency for goods or services if the company first obtains permission from the Department of General Services (DGS) according to the criteria set forth in Public Contract Code section 10477(b). (See # 2 on the sample Attachment).

The following sample Attachment may be included in an IFB or RFP to satisfy the Act’s certification requirements of bidders and proposers.

EXHIBIT F – DARFUR CONTRACTING ACT

Pursuant to Public Contract Code section 10478, if a bidder or proposer currently or within the previous three years has had business activities or other operations outside of the United States, it must certify that it is not a “scrutinized” company as defined in Public Contract Code section 10476.

Therefore, to be eligible to submit a bid or proposal, please complete only one of the following three paragraphs (via initials for Paragraph # 1 or Paragraph # 2, or via initials and certification for Paragraph # 3): YOUR BID OR PROPOSAL WILL BE DISQUALIFIED UNLESS YOUR BID OR PROPOSAL INCLUDES THIS FORM WITH EITHER PARAGRAPH #1 OR #2 INITIALED OR PARAGRAPH #3 INITIALED AND CERTIFIED.

1. _____ We do not currently have, or we have not had within the previous three years, business activities or other operations outside of the United States.

OR

2. _____ We are a scrutinized company as defined in Public Contract Code section 10476, but we have received written permission from the Department of General Services (DGS) to submit a bid or proposal pursuant to Public Contract Code section 10477(b). A copy of the written permission from DGS is included with our bid or proposal.

OR

3. _____ We currently have, or we have had within the previous three years, business activities or other operations outside of the United States, but we certify below that we are not a scrutinized company as defined in Public Contract Code section 10476.

A public agency, the Port is charged by the State of California with acting as a steward of the public-trust lands for the benefit of visitors and residents. The Port of San Diego serves the people of California by balancing multiple uses along the land that surrounds the Bay and spans five cities. The Port champions Maritime, Waterfront Development, Public Safety, Experiences and Environment, all focused on enriching the relationship people and businesses have with our dynamic waterfront. The Port manages a diverse business portfolio to generate revenues that support vital public services and amenities. The Port shares the waterfront with the US Navy, which oversees the remaining 17 miles of San Diego Bay.

2. Statement of Need

San Diego Bay has approximately 7000 recreational vessels in 20 marinas located at various locations in north and south San Diego bay. Abandoned vessels continue to be a concern for Port staff, commercial and recreational mariners. The Port has approximately sixty three (63) abandoned vessels and/or marine debris currently located in an impound yard, along with a growing list of individuals that have inquired about surrendering vessels that are no longer wanted. The Port's current inventory of abandoned vessels includes: 8 dinghies, fifteen power boats, thirty four sail boats, 1 jet ski, and 1 boat lift.

The Port has budgeted \$472,000 in FY20 funds as an initial investment in removing abandoned vessels currently in the impound yard. This request is for an additional \$200,000 for a total of \$672,000 in funding during FY20 to remove the Port's current backlog. The Port intends to use budgeted funds as a cash match for this request.

EXHIBIT G - Grant Application: Letter of Intent, Scope of Work and Work Plan

1. Legal authority to remove abandoned vessels

The San Diego Unified Port District Harbor Police (Harbor Police) is the Port's law enforcement detail. The legal authority to address abandoned watercraft is provided thru Unified Port District (UPD) Code Article 8, Sections 8.24 (<https://pantheonstorage.blob.core.windows.net/administration/Port-Code-Section-824.pdf>) and 8.25 (<https://pantheonstorage.blob.core.windows.net/administration/Port-Code-Section-825.pdf>). Additionally, United States Coast Guard Inland rules apply within San Diego Bay.

2. Agency Experience

The Port's Harbor Police department has a long history of identifying, recovering and processing abandoned vessels on San Diego Bay; this activity was identified as part of the Harbor Police's mission when the Port was created by the California Legislature in 1962. The Port offers a safe harbor at La Playa Cove in north San Diego Bay. In early March 2019, a recreational vessel sank in La Playa Cove, creating a hazard for other recreational boaters. The high cost of housing and lien sales also contribute to the prevalence of abandoned and unseaworthy vessels; lien sales provide an opportunity to purchase a vessel as a living space at a low price. These vessels purchased thru a lien sale may be dilapidated and need extensive repairs not readily apparent to a novice boater. A boat owner facing rising costs to keep a vessel may opt to use it until it becomes unseaworthy, then abandon it. Port and the City of San Diego have also seen an increase in vessels that are being abandoned in the vicinity of the Zuniga Jetty, at the mouth of the San Diego Bay. This location has no available moorings and is used as an "anchor out" area for migrant and dilapidated vessels.

3 a. Adjudication Procedures - Identifying ADV's

The Port's Harbor Police Department follows the Harbors and Navigation Code (H&NC) Section 523 and Unified Port District (UPD) Code Section 8.24 to identify and tag abandoned vessels, and then proceed with their removal.

3 b. Adjudication Procedures - Removal Process

Storage areas for abandoned vessels have been identified at a Port location that serves as an impound lot near National City in south San Diego Bay. The Port has an agreement with Marine Group Boat Works for as-needed impounded vessel services. Terms of the agreement states that the "Service Provider shall commence lien sale proceedings pursuant to H&NC Sections 503, 504 and 526 in accordance with applicable laws and procedures set forth in this agreement." Once the Harbor Police identifies, tags and recovers the abandoned vessel or marine debris, it is moved to the Port impound lot for temporary storage.

Once the vessel is moved to the Port's facility, Port staff issues a task authorization to Marine Group Boat Works for demolition. This process includes: acceptance of the vessel, inventory, storage, haul out, transportation, lien sale, title acquisition, and demolition. Once complete, the Marine Group Boat Works team provides documentation of the vessel's condition as part of their invoicing process.

3 c. Adjudication Procedures - Lien procedures

The Port's Harbor Police Department follows the Harbors and Navigation Code (H&NC), Section 523 and Unified Port District (UPD) Code Section 8.24 to identify and tag abandoned vessels, and then proceed with their removal.

The Port uses an impound lot on Port jurisdiction near the City of National City in south San Diego Bay to store abandoned vessels. The Port also has an agreement with Marine Group Boat Works for as needed services relating to the management and destruction of abandoned vessels. Under the terms of the agreement, Marine Group commences lien sale proceedings pursuant to H&NC Sections 503, 504, and 526 in accordance with applicable laws and procedures set forth in the agreement. Once the abandoned vessel is identified, tagged and recovered, the Harbor Police will move the vessel to the impound lot for temporary storage.

EXHIBIT G - Grant Application: Letter of Intent, Scope of Work and Work Plan

Once on Port property, Port staff will issue a task authorization to Marine Group Boat Works for demolition. This process includes: transfer to Marine Group Boat Works facility, transfer to dry storage, notice of impound sent to registered owner, request to conduct lien sale sent to DMV, posted notice of public auction, vessels sold and/or request for junk slip sent to DMV, removal of hazardous materials, vessel cleared for demolition. Once complete, Marine Group provides documentation of the vessel's condition as a part of their invoicing process.

3 d. Adjudication Procedures - Destruction of Vessels

If the registered owner of an abandoned vessel does not claim that vessel, a request to conduct a lien sale is sent to the California Department of Motor Vehicles (DMV). The Port's contractor, Marine Group Boat Works, posts a notice of public auction. Vessels that are sold at auction can be claimed by the new owners; those vessels that are not sold remain with Marine Group until the DMV issues a junk slip.

Once vessels are cleared for demolition, all hazardous materials are removed in compliance with environmental requirements and regulations. Marine Group Boat Works is then provided with a task authorization to accomplish any hazardous removal and demolition of the vessel.

4 a. Vessel Registration

Does your agency regularly check vessels in your AOR for current registrations? Yes No

4 b. Agency prevention efforts of abandoned vessels

Harbor Police officers provide daily, 24-hour patrols within San Diego Bay in order to observe and enforce all applicable laws. Port staff is also working with the City of San Diego and the US Coast Guard to create a long term, sustainable solution to the problem of abandoned vessels. Port staff has joined regional working groups on abandoned and derelict vessels to learn how other jurisdictions are addressing similar issues. The working groups are led by the Coast Guard. Concerns raised by participants are communicated to other responsible agencies, and state officials. Port staff is also researching alternate ways to expedite vessel processing with the goal of reducing costs and reducing the timeline for disposal.

3. Application Questionnaire

1. Does your agency have an active local enforcement program tasked with addressing abandoned vessels in your jurisdiction? Yes No

If yes, explain in detail. If no, elaborate on your agency's efforts to create a program or if you utilize enforcement services from another agency and how.

The Harbor Police serves as the Port's law enforcement agency. UPD Code Sections 8.24 and 8.25 provide the means to address abandoned watercraft and the authority to remove watercraft. Additionally, the US Coast Guard Inland Rules apply within San Diego Bay.

2. Does your agency have a submerged navigational hazard abatement plan (SNHAP)? This may include: 1) An established internal process outlining procedures to prevent, mitigate and process abandoned vessels; 2) Bylaws, regulations, or ordinances that help prevent or mitigate abandoned vessels. Yes No

If Yes, provide plan documentation. Upload Submerged Navigational Hazard Abatement Plan (SNHAP) documents here.

SNHAP Documentation Title	Attachment

If No, explain your agency's efforts to create a SNHAP and anticipated date of effect.

The Port does not have a formal submerged navigational hazard abatement plan. UPD Code Article 4 includes the Port's authority to impound vessels that are more may be a potential hazard. Abandoned and unpermitted vessels are mitigated before becoming a surface hazard. The Port and the Harbor Police are dedicated to the protection and enhancement of San Diego bay, including the removal of such hazards.

3. List by name and size the bodies of water or waterways in your agency's area of responsibility. If you wish to add maps or photos, please click on the BLUE arrow below to upload.

1. Outreach / Advertising plan for implementing and / or increase the Vessel Turn-In Program

This application is requesting funds which, in addition to budgeted match funding, will be used to dispose of abandoned vessels that are already in the Port's possession. For that reason, the Port is planning a targeted outreach campaign highlighting the SAVE program while referencing environmental protection and law enforcement. If the Port is successful in receiving grant funds, a press release will be issued highlighting the program and how the funding will be spent. A press release and web announcement will be developed upon approval of the grant agreement and acceptance of the funds by the Board of Port Commissioners.

If the Port is successful in reducing costs associated with the demolition of vessels resulting in available funds, Port staff will notify the Division of Boating and Waterways, as well as area marinas and yacht clubs of potential availability to accept additional vessels. Port staff will work with local stakeholders to identify areas of potential need in order to target funding most effectively.

2. Administrative Information

1. Please state if you will accept surrendered vessels only within Area of Responsibility (AOR) or if you will accept outside Area of Responsibility requests
