A. Roll Call.

Present: 5 - Commissioner Bonelli, Commissioner Castellanos, Commissioner Merrifield, Chairperson Moore, and Commissioner Zucchet

Excused: 2 - Commissioner Malcolm, and Commissioner Valderrama

Absent: 0

Officers Present: Coniglio, DeAngelis, Morales, and Russell

B. Pledge of Allegiance.

Commissioner Castellanos led the Pledge of Allegiance.

C. Closed Session Report Out.

Thomas A. Russell, General Counsel, announced that the Board considered the items on the Closed Session Agenda with the exception of Consent Agenda Item 10 - File No. 2020-0060 which will be continued to a future Board meeting. Mr. Russell added that no reportable action was taken.

Mr. Russell then left and turned his seat at the dais to Ellen Gross, Assistant General Counsel for the remainder of the meeting.

D. Public Communications.

The following member(s) of the public addressed the Board with non agenda-related comments: Kate Evans; and Maya Tahiramani, Vice President, San Diego Refrigerated Services.

E. Board Committee Reports.

No Board Committee reports were provided.

F. Commissioners' Reports.

Commissioner Merrifield reported that he, along with Randa Coniglio, President/CEO, traveled to Sacramento to meet with Vice Chair Janea Scott of the California Energy Commission. This meeting provided an opportunity to discuss the upcoming Ports Energy Collaborative meeting, which the Port of San Diego is hosting on February 27, to talk about desired accomplishments for that meeting as well as accomplishments for future Ports Collaborative meetings. One of the desired subjects includes an electric rate

structure discussion with the California Public Utilities Commission in hopes to incentivize electrification at the Port to support green activities.

Commissioner Merrifield added that during their trip to Sacramento they were fortunate to have a meeting with the Lieutenant Governor to discuss the Tijuana River Valley funding to secure as much of the \$300 million USMCA funding as possible.

Commissioner Merrifield then provided a report on the U.S. Coast Guard Blue Technology Center of Expertise ribbon-cutting ceremony. Commissioner Merrifield explained that this ceremony was held to recognize the opening of the new center located on the UC San Diego Scripps Institution of Oceanography campus. This center is an outcome of the federal Save Our Seas Act of 2018, which was led by Congressman John Garamendi of California's 3rd District. This center will provide guidance and opportunities for innovators of blue technologies, and the ability to demonstrate new capabilities to Coast Guard decision-makers.

Commissioner Bonelli announced that he wanted to take the opportunity to thank Chair Stephen Padilla of the California Coastal Commission, for attending the Board of Port Commissioner's annual retreat in January. Commissioner Bonelli explained that Chair Padilla provided many poignant comments, and expressed a desire to develop a strong rapport between the Port of San Diego and the California Coastal Commission.

G. President's Report.

Randa Coniglio, President/CEO, announced that she has five items to share today and then invited Mike LaFleur, Vice President of Maritime, to the podium to present the first item. Mr. LaFleur introduced Port partner, Pasha Group, and invited George Pasha, President and CEO, to the podium. Mr. Pasha provided brief history of the Pasha Group and the current operations at the Port of San Diego. Mr. Pasha highlighted their business partners and important milestones over the past 30 years which includes their 7 million dollar investment into the facilities at the Port's National City Marine Terminal. Mr. Pasha also highlighted their efforts regarding environmental stewardship such as using electric vehicles to move inventory, installing EV charging stations, and using solar-power at the terminal. Mr. Pasha also announced that they have partnered with Porsche to transport and process Porsche vehicles (as well as other brands such as Lamborghini, Alpha Romeo, Fiat Chrysler, et al.) which involves development of a 7 million dollar state-of-the-art facility at the terminal which will be used to prepare vehicles for delivery to the dealers. Mr. Pasha stated that he looks forward to working with the Port to continue to grow and support terminal operations.

Ms. Coniglio next invited Zach Birmingham, Senior Environmental Specialist, Energy, to the podium to discuss the High Tech High Internship program at the Port. Mr. Birmingham explained that High Tech High sends their students out into the business community for a month long internship to learn what it is like to be in a professional environment. The Port's Energy Team was able to host two mentees from this program to foster their interest in the ocean and environmental science fields, and to inform them about potential careers at the Port. Mr. Birmingham then invited the two students, Elle Davis and Bergen Richter, to the podium to introduce themselves and share how their perspective regarding the Port changed from the beginning to the end of their internship.

Ms. Coniglio then invited Karen Holman, Director of Environmental Protection, to the podium to provide an in-water hull cleaning ordinance development update. Ms. Holman explained that the Port is continuing the process to develop an ordinance that will help the environment and boating. Port staff will be holding a stakeholder meeting in early March to discuss an approach that will fill the data gaps related to in-water hull cleaning.

Ms. Holman stated that during the review period, staff will not be recommending any ordinance revisions and that the current ordinance adopted in 2012 is still in effect. All information regarding this process is available to the public on the Port's website (portofsandiego.org).

Ms. Coniglio then shared that she had the privilege to speak on a panel at the State Lands Commission meeting in Sacramento to provide Port input on the State Lands Commission's next 5-year strategic plan. Ms. Coniglio explained that she raised four major principles during her testimony which included: State Lands and Ports are partners; and environmental goals and economic growth are not mutually exclusive. Ms. Coniglio expressed the importance of the value for the Port to spend time in Sacramento as this is where decisions are made that impact the Port most.

Ms. Coniglio then shared the Port's celebration of National Wear Red Day to raise awareness about heart health. Ms. Coniglio explained that the Human Resources team traveled around the departments to educate and advocate regarding heart disease prevention, and the General Services team has lit up the Administration Building with red lights throughout the month of February to remind the public that it is American Heart Month.

H. District Clerk's Announcements.
