SUBJECT:

PRESENTATION AND DIRECTION TO STAFF ON THE DISTRICT'S APPROACH TO COMPLETE A SEA LEVEL RISE VULNERABILITY ASSESSMENT AND IDENTIFY ADAPTATION STRATEGIES FOR COASTAL FLOODING AND RESILIENCY RELATED TO ASSEMBLY BILL 691, "PROACTIVELY PLANNING FOR SEA LEVEL RISE IMPACTS ON GRANTED TRUST LANDS," AND THE PORT MASTER PLAN UPDATE

Board direction on completion of a sea level rise vulnerability assessment is no longer required because more prescriptive policy guidance was recently established by the State this year. It is anticipated that a Board discussion of related adaptation related goals and strategies will be scheduled for a future date in association with the release of the Draft Port Master Plan Update and accompanying Draft Programmatic Environmental Impact Report.
