DISCUSSION:

District staff is proposing to purchase three (3) patrol vehicles.

To facilitate the vehicle purchases, the District has arranged procurement through a cooperative purchasing program with Sourcewell pursuant to Board of Port Commissioners Policy No. 110, Section III.D. Sourcewell is a service cooperative created by the Minnesota legislature as a local unit of government that is governed by local elected municipal officials and school board members. National Auto was awarded the Sourcewell contract under a competitively solicited process covering numerous vehicle manufacturers and utility body companies with related accessories utilized in public fleets.

The vehicles will meet the operational requirements of the District by replacing three (3) older gas powered vehicles that meet replacement criteria due high maintenance cost, inability to obtain specific parts, and frequent equipment breakdowns.
